Service Area description

The Adult Learning Service is an integral part of the Council's Thriving Communities Directorate. The service is largely externally funded by the Skills Funding Agency with other smaller contracts from the Education Funding Agency and European Social Fund.

The service delivers community learning and skills provision to around 6000 adults a year in over 200 venues across the county including a network of Council-run community learning centres, schools, children's centres, employer premises, a wide range of community outreach locations and a number of independent externally sub-contracted organisations. The service is focussed on provision which transforms the lives of our most disadvantaged communities, enhances employment opportunities for low skilled residents and meets the needs of local employers.

The service provision consists of a wide range of community learning and skills programmes including: vocational qualifications; work-based learning (including apprenticeships); English & maths (at all levels from entry level through to GCSE); LLDD provision; employability; family learning; ICT; civic engagement; health & well-being, and culture.
