## Service Area Description

Highways Service

### Purpose of this Post

To be responsible for the supervision and organisation of a small team of less than four, carrying out a mix of highway maintenance functions. The tasks will involve minor highway construction, carriageway and footway patching, reactive maintenance and drainage works.

To ensure that a culture of performance, safety and quality is embedded within the team and this is managed effectively, whilst undertaking the work on site.

### Key Job Specific Accountabilities

1. To supervise team members to ensure quality of work.
2. To assist Supervisors in the programming and ordering of materials and plant required by the team to deliver their tasks.
3. To ensure that the team operates at optimum performance and the outputs of the team meet or exceed targets, by effectively planning and organising on site activities.
4. To ensure the team operates safely and that operating rules and procedures are adhered to.
5. To be responsible for the maintenance and completion of paperwork relating to the management and organisation of the team.
6. To deliver all your assigned tasks as allocated by the Area Steward.
7. Mixing, application, laying, levelling, spreading, compaction of soils, granular, bituminous or water bound materials.
8. Ability to lay paving flags, stones, kerbs and blocks.
9. To carry out works on drainage systems including ditch clearing, mobile jetting, ironwork remedials, repairs to pipe work.
10. To carry out work or support activities in relation to bridge maintenance.
11. To carry out works on highway furniture and equipment to include erection, fixing, dismantling of road studs, posts, signs, barriers, fencing, walling, guard rails and traffic counters.
12. Install and maintain all forms of temporary traffic management including temporary signals, Chapter 8 signage and stop and go boards.
13. Operation of light plant including concrete mixers, pumps, air compressors, road breakers, rollers, vibrating plates and cutting saws.
14. To drive vehicles as dictated by license conditions which will include carrying out daily vehicle checks and routine maintenance directed within the CCC drivers manual.
15. To adhere to the rules for drivers operating CCC vehicles as directed by the drivers manual.
16. Be willing to take part in the winter maintenance function or other out of hours functions.

Please note: Annual targets will be discussed during the appraisal process.
