#### Service Area description

To deliver experiential learning opportunities to Cumbria Outdoors clients through a range of outdoor, adventurous and educational activities in line with identified quality standards.

#### Purpose of this post

1. To deliver an agreed programme of activities within a structure of scheduled sessions, that meet identified standards and customer aims and objectives, appropriate to the participants' age, ability, experience, legislation, customer expectation, and purpose.
2. To identify and assess the risks and take all necessary measures to meet Health & Safety and legislative requirements.
3. To develop sound relationships with both group members and leaders, maximising all opportunities for the promotion of social and personal development.
4. To contribute to the development of strong partnerships, which enhance the standard of service provision and increase positive public awareness and encourage a greater use of the service.
5. Through good time management, take responsibility for the issue, use, return & maintenance of all Cumbria Outdoors resources & technical equipment to agreed standards.
6. To ensure that all breakages, damage, or misuse of property, assets, resources or equipment are reported to the appropriate person/team to enable timely maintenance, repair or replacement.
7. To contribute to the effectiveness, efficiency and strategic development of the organisation and the County Council by helping to meet targets identified in the business plan through active involvement in the appraisal system and training programme
8. To actively undertake continuous market research, through interaction with existing and potential customers, in order to respond to changing customer needs and report the results of this research appropriately
9. To advise management on matters, identified in the field, relating to health and safety, quality assurance and public relations.
10. To assist in the planning and production of new products and services in response to identified customer needs.
11. To assist in the planned maintenance and development of all Cumbria Outdoors assets & resources
12. To regularly communicate with other members of staff or staff teams regarding customer requirements and pro-actively seek information where it may not be provided.

13. Within the Delivery Team take responsibility where necessary for the provision of contingency arrangements in the event of resource or product problems/failure, including responding to absence through sickness of other staff members.

14. To undertake any other duties commensurate to the post that may be agreed from time to time.
