Cumberland Pharmaceutical Needs Assessment (PNA) 2023**Consultation summary of responses****Consultation 1st August to 30th September 2023**

2 responses were received through the online consultation via Cumberland Council; one from a Pharmacy and one from NHS Lancashire and South Cumbria Integrated Care Board.

Both respondents agreed that the PNA describes the services that are currently available in their area (Table 1).

1 respondent agreed that the PNA reflects the future pharmacy needs of their area's population; the other did not answer (Table 2).

1 respondent did not agree with the conclusions of the PNA; while 1 respondent was not sure (Table 3).

The reasons provided for this were that the closure of Lloyds pharmacy does not affect Out of Hours provision due to the national reduction from 100 hours to 72 hours; furthermore, they believe needs are being met during core hours and that out of hours provision can be provided by cuedoc (Cumbria Health on Call).

Question 6: Do you have any other comments about the assessment of pharmaceutical need in this assessment?

Further comments were received from 1 respondent, these are summarised in Table 6 below. Please note that where appropriate feedback and comments will be passed onto NHS England.

Table 6: Summary of other comments about the assessment

Comments/Suggestions	Response/Action
<p>This response is on behalf of NHS Lancashire and South Cumbria Integrated Care Board.</p> <p>NHS LSC took on delegated responsibility for the commissioning of NHS pharmaceutical and local pharmaceutical services from NHS England on the 1 July 2022. The ICB will therefore be using the PNA in order to determine routine applications under the NHS Pharmaceutical and Local Pharmaceutical Regulations 2013, as amended.</p> <p>NHS Lancashire and South Cumbria ICB have reviewed the whole document and would like to thank the Health and Wellbeing Board for writing a thorough PNA and giving the ICB the opportunity to review and comment.</p>	<p>The conclusions and recommendations have been updated to reflect requirements.</p>

There is a clear statement that at present the Health and Wellbeing Board have not identified any need for additional pharmaceutical services. The ICB are supportive of that statement.

It would be useful, however, if a similar statement could be made to confirm that the Health and Wellbeing Board do not believe any additional provision is required to secure improvements or better access, noting that the ICB is only able to grant new pharmacy applications if the identified need is in relation to a defined list of pharmaceutical services. Such a statement will remove any potential ambiguity.

Westmorland and Furness Pharmaceutical Needs Assessment (PNA) 2023

Consultation summary of responses

Consultation 1st August to 30th September 2023

<p>Although the requirement to confirm the latest hours of each pharmacy sits with the ICB we have duly requested all our contractors to review the listings to ensure the most recent changes have been noted especially around 100 hours reduction.</p> <p>It is good to see clarity that no identified additional need has been noted for additional pharmaceutical provision yet the possibility of community pharmacies having the chance to provide more services in support of the health and wellbeing of the population has been noted.</p>	<p>No further action required.</p>
